Prashant,

Thanks for the conversation just now. I'm glad the data is being gathered. The last I had from Kirk was on 7/29 and he did not have the work scheduled at that point. I understand you were on furlough last week and that may have had an impact on letting me know. Please make sure that I know about field work in advance.

I look forward to setting up calls/meetings over the next few months to plan out the RI and FS. I appreciate the idea and your willingness to work in a collaborative manner to move the project forward and get a remedy for OU2.

Sincerely,

Hi Prashant,
I'm just checking with you to see if the groundwater sampling has been scheduled.

Sincerely,
